TIME PERIODS FOR FILING A REPLY TO THIS NOTICE:

1. Applicant is given **no new time period** if the non-compliant amendment is an after-final amendment or an amendment filed after allowance. If applicant wishes to resubmit the non-compliant after-final amendment with corrections, the **entire corrected amendment** must be resubmitted.
2. Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a *Quayle* action. Continuation of 2(b) Other: The changes to the original abstract (PCT) are not properly identified via the required markings. See 37 CFR 1.121(b)(1)(ii).

Continuation of 5 Other: Several pages of the faxed amendment include illegible portions via random ink spattering and smearing. The claims would not be suitable for scanning/printing if patented. The dictionary page including the definition of "particulate" is of too small a font to be read. The applicant is advised to enlarge the portion of the dictionary page which includes the definition of "particulate".
